

**Fashion
she can't wear
is becoming
a bit
unfashionable.**

There are 100 million plus-size women in this country.
The time has come for real inclusivity. Let's move from talk to action.

This week, we challenge true fashion vanguards to start designing for women of all sizes. With the expertise we've developed from working with over one million plus-size women, we commit to breaking down any barriers that stand in your way.
